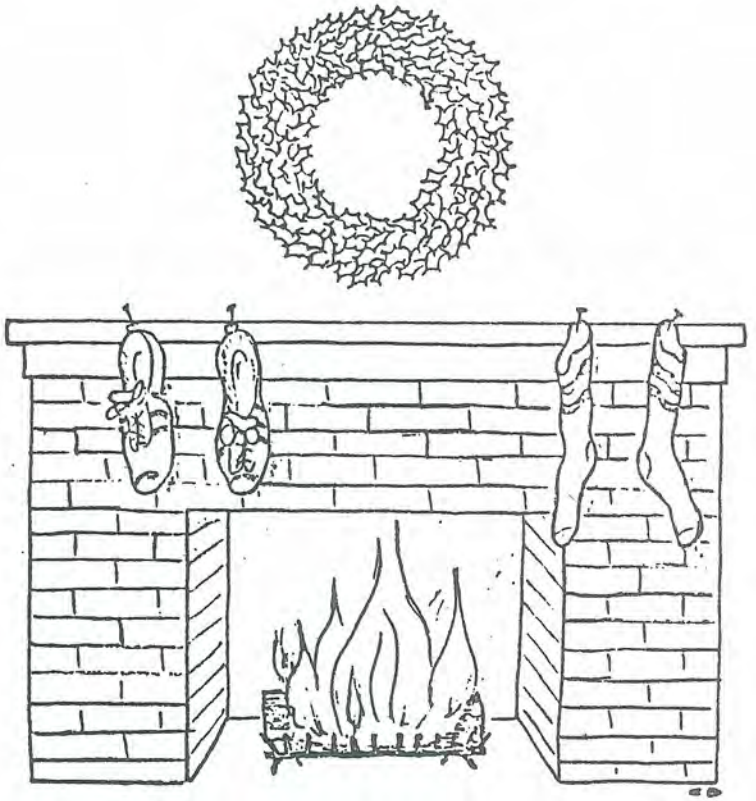
VOLUME XXII, NUMBER 10 COLUMBUS, OHIO DECEMBER 1986



Season's Greetings

GAUDER REPEATS; PRIBILINEC, SAXBY ALSO LEAD ORW RANKINGS

Yes, happy holidays, and happy congratulations to those walkers with the ability to earn mention in the ORW's Annual World and U.S. Rankings, which follow. 1986 marks the 16th year we have compiled World Rankings for men at 20 and 50 Km. We also rank U.S. men at the same two distances for the 13th time, and both World and U.S. women at 10 Km for the 9th year. The rankings are based on your editor's subjective of the athletes' performance over the course of the year. Following the rankings are lists of the top performers by time for the year.

The honored athletes receive absolutely nothing beyond having their names emblazoned in the pages of the ORW, but who could ask for greater recognition than that--prominent mention in a slick publication seen by practically non one. But enough drivel, the world eagerly awaits the results. The envelopes, please:

Pribilinec is an easy pick for first with his win in the European Championships, victory over a fast field in Barcelona, and series of impressive times. He also ranked number one in 1983. . .Damilano, also second last year, and near the top for many years, came through in the big race as usual, pushing Pribilinec to the limit in the Euros. . .Gauder raced the 50 at the Eruopean Championships, but won three races impressively over good opposition. . .Mostovik, with his close second to Pribilinec at Barcelona and solid fourth in the European Championships, gets the nod for

for fourth. . .Prieto beat Mostovik in the European meet, but was not impressive in his other race. . .Arena was a rather isolated fifth in the European race, but well clear of other top contenders in the rankings. . . Blazek had a very spotty season, racing often, but had a good European race, beating Soviet contenders decisively. . .Perschin and Baryaraschinov get the next two slots off a very good race in the Goodwil Games and their finishes in the European Championships. . .Salonen had some very fast times and a good third in a very competitive race in Barcelona, but was DQ'd in the European meet, reportedly looking very bad, as he has at times past over this distance. The position could just as easily have gone to Soviet Yevgeniy Misyula, third in the Goodwil Games and winner of the Bergen race in which Blazek was third, with a quick 1:20:42.

Saxby left the field well back in the Goodwill Games in Moscow and also bested a good field in Lomello, Italy during a European swing. She is clearly number one. . .After, the rankings are as difficult as any we have ever done, since the Chinese did not compete much, there were surprises in the European Championships, and the Soviets beat each other a lo and didn't perform as expected in the big meet. . .Anyway, Guan gets second off her finish in the Goodwil Games and late season World record. . . Xu was right with Guan in one race and had another fast one to take third. Jansson had some poor races early but did well the rest of the way and finished a strong second in the European meet. . .Cruz, although she won the Euros, did not have much else going for her and lost to Jansson the other time they raced. Still in the Junior ranks, she will probably make her mark in the future. . .the veteran Vera-Ybanez showed her experience in the European meet. . .We know of only one race for Wang, but that was a close second to third-ranking Xu. . Grigoryeva won two of three from Rodionova, including a close third place behind Guan in the Goodwill Games, so is ranked ahead of the fourth place European finisher. . . Kristop had a bad day in the Goodwill Games, but two very fast late season races give her the tenth slot. . .Strong consideration was given to Maria Reyes-Sobrino, Spain; Monica Gunarsson, Sweden; Lidia Levandovskaya, USSR; and Yelena Kuznetsova, USSR.

Lots of races with no one dominating made this a very interesting event to rank. . .Vaill was probably the most consistent of the top three, had the fastest time, and won six of nine races from Lawrence and three of five from Weik. . .Lawrence was also very consistent and had the National title in her favorite. . .Weik won two important races--the Rockport regional in Washington, DC and the Canadian International, but was hurt by her disqualification in the National. . .These three were clearly ahead of the rest. . .Liers gets fourth with consistent high finishes and a 4-2 record versus Lisa Vaill. . .Vaill was 3 and 2 versus Howell and beat her in the most important races. . .Howell, like Weik, was hurt by her DQ in the National. She did Beat Liers in four of seven races to muddy the picture a bit. . .Mangan was impressive in the Washington Rockport race but did not show as well thereafter. However, she beat Robertson in three of four races. . .Brown is clearly the best of the rest and Rezach gets the tenth spot over Viisha Sedlak and Frances Montes off her sixth place finish in the National.

Tim Lewis had a remarkable season--U.S. record on the track, U.S. road best by a wide margin, unbeaten by a countryman until his final race, nine races under 1:30. No doubt about No. 1. . .Or No. 2. Carl Schueler, heretofore a 50 Km specialist, lost to no one except Lewis and was under 1:30 more times in a single season than anyone previously. . .Ray Sharp had an inconsistent season, but threw in some great races, and was usually ahead of everyone except Lewis and Sharp. . .Stauch faded after his strong fourth in the National Championship race, but that was enough to place ahead of the others. . .Wick was injured most of the year, but showed what he can do in the Seattle Rockport, and earns the fifth spot. .. O'Connor showed well in his only race . . .Evoniuk, after a fine race in the Canadian international, missed a chance for a higher ranking with his DQ in the National. . .The last three are ranked largely off their finishes in the highly competitive Washington, D.C. Rockport race. . .Close, but no cigar, for Randy Mimm and Curtis Fisher.

One correction to the above commentary: Carl Schueler was not always ahead of all U.S. walkers other than Lewis; Sharp beat him in the Pan-Am race in Ft. Leonard.

1986 U.S. 50 KM RANKINGS AND LIST

While depth of performance continues to improve at 20 Km, we are going steadily downhill at 50. In 1983, there were 26 under 5 hours. That dropped to 22 in 1984, 16 last year, and just 11 in 1986. The first 10 in the National 50 take the first 10 spots in the rankings since that was pretty much the season. Marco Evoniuk and Dan O'Connor improved their National times in the Pan Am race, but finished in the same order. Marc Bagan improved his National's time in winning the Empire State Games, but not enough to move up in the rankings.

FROM HEEL TO TOE

From TAC Convention: Tim Lewis and Teresa Vaill were named winners ofRon Zinn Memorial Awards for 1986 for men and women, respectively. The Award goes annually to the nation's top race walker. Leonard Jansen received the Zinn Award as the outstanding contributor to the sport and the Michigar Association the award as the top association in race walking. . .Sal Corrallo was reelected as National Chairman for Men's and Women's Race Walking, and Bob Bowman was reelected as a vice-president of the Athletics Congress. . Three American indoor race walking records were accepted: Jim Heiring's 5:41.26 for 1 Mile and 12'05.94 for 2 Miles, and Teresa Vaill's 6:53.58 for 1 Mile. Heiring's 2 Mile mark and Vaill's Mile were also accepted as Indoor Championship records. . .Indianapolis was designated as the site for the 1988 Olympic Track and Field Trials. . .We haven't yet received the schedule of championship races for 1987, but know that the 15 and 50 Km races are in February, as shown on the above schedule. . .The 50 is early because it is the trial for the World Cup team and that competition is the first weekend in May. The 15 Km is in conjunction with a training camp for the National team, so an outstanding field is assured. Contact Dan Stanek (see address above) for details on other events surrounding the race and lodging. There will be a big party, shindig, or what have you, two nights before the race.

LOOKING BACK

25 Years Ago (From the Dec. 1961 American Race Walker published by Chris McCarthy)--Ron Zinn was named the first recipient of the Mike Riban Trophy (now the Zinn Memorial Award) as the outstanding race walker of 1961. Zinn won five National titles during the year and also bettered the American 10 Km record. Ron Laird, who had won four Nationals, was second in the voting. . .In a 1 Mile race at the University of Chicago Fieldhouse, Rimas Vaicaitis blitzed a somewhat out-of-shape Ron Zinn with a 3:03 first half and went on to record an outstanding 6:27.9. Zinn staggered in with a 7:03. Unfortunately, Rimas, who was only 19 at the time, gave up the sport a year later.

20 Years Ago (From the Dec. 1966 ORW)--Jack Blackburn won the 3rd Annual New Year's 6 Mile Handicap held in Rathbone, Ohio, where Jack lived at that time. He also did an outstanding job of handicapping as the four walkers came in only 77 seconds apart. Blackburn had a 47:46 to Mortland's 47:58 and Chuck Newell's 52:12. . .Blackburn also turned in a good 20 Km on the Upper Arlington HS track with a 1:39:12, better than a minute ahead of Mortland. Newell had 1:52:34. . .Ron Daniel took fast time honors in the Coney Island 10 Mile Handicap with 1:18:47, with George Lattarulo winning the race. . .Tom Dooley and Bill Ranney did a 1:20:41 10 mile on the

track, beating Goetz Kloffer's 1:21:37. . .Dooley also won the Junior National 50 Km in 5:15:15.

15 Years Ago (From the Dec. 1971 ORW)--This was the first issue in the present format, and improper planning meant I had to reduce it more than intended, making it nearly illegible, but no one dropped their subscription as a result. We have always been blessed with very patient readers, fortunately. . .Bob Kitchen turned in a World's Best for 35 Km on the track with a 2:47:34 in San Francisco. The previous was 2:48:22 by Chris Hohne of East Germany. On the way, Bob Passed 20 miles in 2:33:50.2, also an American record. He missed Goetz Klopfer's American racord at 30 Km by 2 seconds. Bob opened with a 7:36 mile and was 1:35:17 at 20 Km. . . For the above feat, Kitchen was awarded the ORW's Dr. John Blackburn Award for the single outstanding achievement in U.S. race walking for the year. It was Bob's second Blackburn Award. . . Kevin Ryan won the Coney Island 10 Mile with Ron Daniel taking fast-time honors in 1:16:19. . . A week earlier, Todd Scully easily beat Daniel with a 1:35 for 20 Km. . . Jack Blackburn had another win in the New Year's Eve 6 mile handicap, held in Continental, Ohio, doing 50:29. Bob Smith was second and Doc Blackburn third. . .In the Lugano 100 Km race, Chris Hohne won easily in 9:21:16, better than 5 minutes off his record, with Peter Selzer nearly 10 minutes back. Shaul Ladany was a strong third in 9:37:54. . .In the ORW World Rankings, Nikolai Smaga, USSR, was rated ahead of East Germany's Gerhard Sperling and Britain's Paul Nihill at 20 Km. At 50, Soviet Veniamin Soldatenko rated first, ahead of Selzer and Hohne.

10 Years Ago (From the Dec. 1976 ORW)---What age will do. Again Blackburn won the New Year's Eve 6 Mile handicap, this time in Springfield, Ohio--the dude is always moving. But he could manage only 52:13, 14 seconds ahead of Mortland. The strong wind and 5 F temperature didn't help. Tim Blackburn, Bob Smith, and Rich Myers followed. . .Mexican Daniel Bautista did 1:18:40 for a 20 Km race in Rome, but the course turned out to be nearly 1½ km short. Three other Mexicans followed. Maruizio Damilano, then a junior, was sisth in 1:22:37.

5 Years Ago (From the Dec. 1981 ORW)--Mexican Ernesto Canto topped the ORW World Rankings at 20 Km, going undefeated and winning the Lugano Cup. East Germany's Roland Weiser and Italy's Maurizio Damilano were next. At 50 Km, Mexico's Raul Gonzales was an easy choice for the top spot with two East Germans, Hartwig Gauder and Uwe Dunkel nest. Sweden's Siv Gustavsson went undefeated in eight races, including the Eschborn Cup, and was ranked first at 5 Km. Following were Soviets Aleksandra Deverinskaya and L. Kruscheva. Sweden's Ann Jansson was on top the 10 Km rankings, with Australia's Sue Cook and the USA's Susan Liers-Westerfield in second and third. Liers-Westerfield topped the U.S. rankings at both distances, followed by Vicki Jones and Bonnie Dillon at 5, and Dillon and Jeanne Bocci at 10. ..Leading the U.S. 20 Km rankings were Todd Scully, Jim Heiring, and Marco Evoniuk. At 50, it was Evoniuk, Vincent O'Sullivan, and Heiring. . .

WELCOME

Many new subscribers this month, due in great part to an article by Eugene Dix in the Latest issue of The Walking Magazine, which mentioned our little publication as an information source. As you new readers have probably discerned by this time, the ORW is a very informal publication. Strictly a one-man operation, it has been keeping hard-core enthusiasts up to date on what is happening in the sport since March 1965. Your comments and suggestinns are always welcomed, if usually ignored. Photographers among you are encouraged to submit good action shots--for which we pay nothing. We dc run photos when we have them.
